YouthLight is excited to announce the acquisition of Marco Products!

Similar to YouthLight, Marco Products was founded by school counselors who have a passion for helping young people. Both companies have spent decades creating innovative materials that engage students, require little to no prep time and are affordable.

Moving forward, the full line of Marco products will be available from YouthLight. Orders will be processed and shipped from Chapin, South Carolina. Our outstanding customer service team is available to help via chat, email or phone (803-345-1070) Monday-Friday 8:30am – 4:30pm Eastern Time.

Orders can be placed online at youthlight.com or marocproducts.com. They can also be emailed to yl@youthlightbooks.com or faxed to 803-345-0888.

The YouthLight Team looks forward to continuing to provide you with best-practice, preventive approaches to address the current trends and issues facing educators and other professionals who work with young people.

Thank you for all you do to help our young people!

Robert P. Bowman
President
YouthLight Inc.

Susan Bowman
Vice President
YouthLight, Inc.
