

SELINA

My name is Selina and I have a younger brother. My brother and I live with our mom and grandma. My dad is not at home because he is in the military and travels a lot. We have to move a lot and I have been to many different schools. Every Friday we contact my dad by computer and we get to talk to him and see him at the same time. While my dad is away my family and I started a family collage from photos my dad has sent and photos of our family. I can't wait till he comes home and sees it. Then we can all be together again.

Greetings from Lake Guntersville, Alabama!

Dear Dad,

We went to visit Katherine and Martha Caroline. We got to see the new baby Marley. We even got to hold her and I zip change a diaper (it Stunk!) Christopher says balloons are dumb and I told him I think boys are dumb too except for you. I miss you and can't wait until Friday!

MIGUEL

My name is Miguel and I am from Mexico but live in America with my Papa and momma. My sister and brother live in Mexico with my abuela (that's grandmother in Spanish). My Papa says we are going back to Mexico once he makes enough money. They both came here because they could not find work in Mexico. I could not speak any English when I moved here two years ago but now I speak English so well that I am teaching my parents how to speak it. Sometimes I get to go with them to a jobsite and watch them work. Afterwards we all go eat at my papa's favorite Mexican restaurant. I look forward to seeing my brother and sister in the summer when we go back to Mexico to visit.
